ONE WAS KILLED.

Coke Strikers and Deputies Had
a Desperate Fight.One Man Killed and Three Others
Fatally Wounded.

NEWS FROM BULL HILL

A Skirmish Took Place in Which
No One Was Hurt.

UNKNOWN, Pa., June 11.—The truce is ended and again the armed deputies in the coke regions have made a killing. One striker killed in his boots, two others dying and another shot through is the result of the battle yesterday morning at Leont. There were six deputies on one side and a mob of six strikers on the other.

Unbiased testimony is to the effect that the mob not only provoked but compelled the deputies to fire on them after the strikers had compelled them to retreat and had fired several shots at them.

Deputies armed with search warrants have been going through all the houses in the vicinity, but up to a late hour not a trace of the four men held as prisoners by the strikers has been seen and it is feared that they have been murdered by the strikers in revenge for the loss of men hurt in battle. Twelve arrests have been made and at least 200 more will follow.

A SKIRMISH AT BULL HILL.

Fifteen Deputies Fired Upon From Ambush by Twenty Miners.

CHIPLEY CREEK, Col., June 11.—About 8 o'clock yesterday morning a party of fifteen deputies, while approaching Bull Hill on their way from camp to this place, were fired on by twenty miners. The deputies, being unprepared for an attack, retreated without returning the fire. General Brooks called out enough militia to surround the miners and arrested them. No one was injured. Sheriff Bowers denies that he has lost control of the deputies, and General Brooks denies having made any such statement. It was a false report that caused Governor Waite to order General Brooks to disarm the deputies.

General Brooks says his force may not be large enough to protect all the mining property about here. Should this prove to be the case he will press into service the deputies now on the ground.

FOUNDED WITH STONES.

Wives of the Miners at Sops Almost Kill a Mexican Miner.

TRINIDAD, Col., June 11.—At the Sops mines yesterday a party of women, wives of the strikers, stationed themselves at the opening of the mine and attempted by throwing stones to prevent the men from going to work. A Mexican miner was drenched in the mud and pelted with stones. A man was with them urging them on. He was placed under arrest, with two of the most vicious of the women, and lodged in jail. This ended the riot and there has been no trouble since.

IN WEST VIRGINIA.

The Situation Unchanged—Governor McCorkle's Views.

CHARLESTON, W. Va., June 11.—The situation in the disturbed district is still unchanged. Whatever coal trains are being moved it is accomplished with the aid of the militia. Governor McCorkle says that the trouble is too deep seated to be settled by the show of force on the scene. He said that he had nine companies at Boggs Run and two more would be there by 8 o'clock to-night. He says the entire military force of the state will be used if necessary in moving coal in Ohio and Pennsylvania.

DRIVEN AWAY BY MOBS.

Guards at a Railway Trestle Compelled to Leave—The Bridge Then Burned.

CLEVELAND, Ohio, June 11.—Last night two men who had been placed on guard at a trestle on the Cleveland, Lorain and Wheeling railroad, near New Philadelphia, O., were driven away by a mob of about 400 men. The trestle, which was about sixty feet long, was set on fire and nearly destroyed.

Big Sun Dance in Preparation.

GUTHRIE, Ok., June 11.—The Sac and Fox Indians are preparing to have their annual sun dance on a large scale. Visitors from the other tribes of the territory have been arriving for a week, and by the time the dance starts next week several thousand will be present. They will dance for seven days and nights and make innumerable sacrifices to the Messiah, whose advent they predict for the coming fall, at the close of harvest.

Amalgamation of Labor Unions.

ST. LOUIS, Mo., June 11.—The amalgamation of the great labor bodies of the country, the Federation of Labor and the Knights of Labor, will be discussed and perhaps definitely agreed upon here during the early portion of this week. Samuel Gompers, Master Workman Sovereign, of the Knights of Labor, and others are already here to take a hand in the matter.

THE DEAD HANDIT.

Bill Dalton's Remains Identified by His Brother—Viewed by Thousands.

ARDMORE, I. T., June 11.—Sheriff Howard, accompanied by Frank Fisher and Claude Lacy, citizens of Longview, Texas, arrived last night and viewed the remains of the dead handit. They unhesitatingly pronounced him to be the same man who took the leading part in the Longview bank robbery, and say that he was the man who presented the note of introduction to the cashier.

Charles Benjamin Dalton arrived on the early train yesterday morning from Kingfisher, Ok., and in the dead body at once recognized his wayward brother, Bill. This settles the fact in the minds of the incredulous that Bill Dalton now sleeps cold in death. United States Marshal Williams gave orders to his deputies to hand over to Mrs. Dalton the pistol and all letters, also all the money found on his person when killed, which was \$285. It is estimated that not less than 10,000 people have viewed the remains.

The meeting between Charles Dalton and Mrs. Dalton was very affecting. Charles Dalton is a man six feet tall, weighs 185, has light hair and mustache, and a steady gray eye. He takes care of the mother and is a highly respectable citizen. He refused to talk, but said that later he would prepare a statement for publication which will brush aside many published fabrications. The only desire now of both he and Mrs. Dalton seems to be to get possession of the remains, so they can be sent to California for burial.

Houston Wallace, at whose house Dalton was killed, and who is now in jail here, was identified by J. T. Harris of Duncan as the man who passed the unsigned Longview bank bills at that place where he purchased over \$200 worth of supplies. Wallace has been on the scout for four years and he was formerly a United States deputy marshal on the force here before that time.

According to Mrs. Dalton, her husband has never been under arrest, nor was he ever wounded, until the fatal single shot of Loss Hart ended his career.

Deputy Stewart arrested Mrs. Dalton on a process issued by the prosecuting attorney for the Eastern district of Texas, charging her with receiving stolen property.

Between \$35,000 and \$50,000 will be paid by three states, two territories and the United States authorities to the nine officers who composed the posse when Dalton was killed.

FLOOD AT ELDORADO.

Walnut River Rises Twenty Feet in Four Hours.

ELDORADO, Kan., June 11.—The rain of Saturday night was the heaviest this county has had for twenty-five years, and as a consequence, the entire Walnut valley is entirely covered with water and considerable damage to crops and property will result. The Walnut river commenced rising at 3 o'clock yesterday morning, and by 7 had raised twenty feet and was out of its banks. It was a mile and a half wide in this city.

Several families were rescued in boats from Riverside, a suburban village. It is thought no lives are lost. The Santa Fe and Missouri Pacific have suffered considerable, having several bridges and considerable track washed out. A train came within two miles of here on the Missouri Pacific last evening and the passengers were then brought here in boats. The electric light, gas and waterworks are all under water.

ROBBED BY MASKED MEN.

The Railroad Station and Express Office at Gibson, I. T., Looted.

LITTLE ROCK, Ark., June 11.—The railroad station and express office at Gibson, I. T., were held up and robbed by two masked men about 11:30 last night. The exact amount of money secured by the robbers is not known, but it will probably aggregate a large amount, as it is thought the express packages still contained large sums, as a great deal of cash paid to the Cherokees has been shipped by the express from Fort Gibson. It is known that \$600 in cash was secured, \$100 of which belonged to the Kansas and Arkansas Valley railroad.

COXEY RELEASED.

The Commander of the Commonwealth Army and His Companions Free.

WASHINGTON, June 11.—Coxey, Browne and Christopher Columbus Jones were yesterday morning released from jail. They were met at the door of the jail by Oklahoma Sam, driving four horses attached to Coxey's phaeton. The four proceeded to the National hotel, where they shook hands with the clerk and a few friends who happened to be present. After spending a quarter of an hour in the hotel they started for the Coxey camp in Bladensburg.

The Oregon Election.

PORTLAND, Ore., June 14.—Complete returns from twenty-five counties and nearly complete returns from the remaining seven give the following vote for governor: Lord, Republican, 40,639; Pierce Populist, 35,451; Galloway, Democrat, 18,375; Kennedy, Prohibitionist, 1,926. Lord's plurality, 14,588. The few scattering returns yet to come in will probably increase Lord's plurality.

A Farmer Ground to Pieces.

JASPER, Mo., June 11.—Sam Bowen, who has been engaged in farming four miles south of here, came to town Saturday and became intoxicated. At midnight he got on one of the trucks of the passenger train and when a mile south of the city fell off. The wheels of the cars passing over his body caused almost instant death. His remains were horribly mangled.

Kelly Passes Paducah By.

METROPOLIS, Ill., June 11.—Kelly's contingent of commonwealers begged their way out of the Cairo neighborhood and passed up the river to Paducah on the steamer, Bettie Owens yesterday. They received no encouragement at this place and passed without landing.

WORST FIRE IN YEARS

Kansas City Is Visited by a
\$300,000 Blaze.Two Immense Warehouses
Burned to the Ground.

FIVE PEOPLE HURT.

Firemen Were Caught Under
the Falling Walls.

KANSAS CITY, Mo., June 11.—The largest and most destructive fire that has occurred in Kansas City for years broke out yesterday afternoon in the building of the Keystone Implement company, 1817 to 1821 West Thirtieth street. Before the flames could be subdued they had destroyed \$300,000 worth of property.

Five men were injured, two of them seriously. They were:

James Donnelly, fireman, of hook and ladder No. 2; buried under a falling wall; removed to Sisters' hospital; may die.

James P. Hope, colored, of 1325 West Thirtieth street; buried under a falling wall; will recover.

William Randall, switchman in the employ of the Kansas City, St. Joseph & Council Bluffs railway; at the city hospital; dangerously hurt.

James Marvin, of 807 Wyoming street, struck by falling bricks; wounds not serious.

Patrick Ahern, fireman, hook and ladder company No. 1; cut by glass; not serious.

The four-story brick building of the Keystone Implement company is a total loss, as also the five-story brick warehouse of the Buford-George Manufacturing company adjoining. Two small dwellings were also destroyed.

The two warehouses were of equal size on the ground, each covering two lots, 72x150 feet. The Keystone building was the property of the company, and was valued at \$30,000. It contained a stock estimated at \$75,000.

The Buford-George building belonged to Charles Francis Adams of Boston. It cost about \$50,000. The company's stock is valued at \$150,000. The two dwellings destroyed were the property of the Keystone Implement company. They were worth perhaps \$1,000.

The total loss is accordingly not far from \$306,000. The insurance amounts to only about \$220,000.

The cause of the fire, and even the exact point at which it originated, are unknown.

HE WAS BENT ON MURDER

A Desperate Cherokee Character Kills Three People, One a Woman.

WAGONER, I. T., June 11.—Saturday afternoon there was a robbery and sensational tragedy enacted on the road between Fort Gibson and Tahlequah, where the big Cherokee payment is in progress. A stage load of passengers was some miles out from Tahlequah en route to Fort Gibson, the railroad station, when Levi Sanders, a desperate Cherokee character, who was on the front seat with the driver and was considerably drunk, punched the driver in the side with his pistol and ordered him to hold up. He then made the passengers get out, and robbed them of about \$70 and some jewelry.

One man, a person from Texas, who declined to give his name, was shot through the breast because he had no money to give up. The wounded man is now in Fort Gibson in a critical condition, and may possibly recover, though he is shot entirely through the left lung. He was a fine-looking, well-dressed man.

After leaving the stage, he walked through the woods in the direction of Tahlequah. He soon found a man and an Indian boy herding some cattle. He began shooting at the boy and killed him. He secured the horse the boy was riding and when he again emerged into the road, he came upon two wagons containing two men and some women. He shot into one of them, killing Mrs. Duncan, a lady who is connected with one of the best families of the Cherokee nation. Her son, Levi Duncan, was with her. He drew his pistol and began shooting at Sanders as also did the man who was in the other wagon, but he was getting away on his horse when young Duncan got a Winchester from the wagon and shot the horse. Sanders was then afoot and could not escape, and he was literally shot to pieces. He was shot through the body several times, through the head and through the foot.

PLUNGED INTO THE RIVER

Locomotive and Four Cars Fall Through a Bridge on the Canadian Pacific.

WINNIPEG, June 11.—A bad accident occurred to the west bound express on the Canadian Pacific, due here yesterday at the crossing of the Mattawa river, about fifteen miles west of Fort William. Fires had destroyed the trestle bridge and when in the center of that structure it gave away. The engine and four cars were piled into the river.

The diner, one of the first class cars and sleeper remained on the track. The wrecked car took fire and soon the entire train was burned. It is feared other deaths have occurred besides those reported. Mrs. Barker was drowned. She was a first class passenger en route to Elkhorn, Manitoba, from Ontario. Express Messenger Mart Brown, of Toronto, is missing and is believed to be at the bottom of the river.

AT A WHITE HEAT.

Breckinridge-Owens Contest Is Growing
Very Bitter and Trouble May Come.

LEXINGTON, Ky., June 11.—There has been much bitterness injected into the congressional campaign from the very beginning, but since Owens attacked Colonel Breckinridge so bitterly in his Paris speech this feeling has grown enormously, until there are many cool headed men who believe trouble of a serious character will take place here to-day.

The city is full of strangers, Evan Settle and his Owen county friends having arrived here in large numbers. There will be 5,000 strangers in the city and as the feeling between the Owens and Breckinridge factions is at a white heat there is no telling what the day will bring forth.

As a result of the meeting the National Anti-Cigarette association was formed, which was planned for a world-wide institution. It is formed under the auspices of the National Missionary Evangelical association, and steps will at once be taken to spread the new society all over the country.

Develop Important Debate.

WASHINGTON, June 11.—It is expected on both sides of the senate chamber the woolen schedule will be reached during the present week in the consideration of the tariff bill.

This schedule will develop one of the most important debates connected with the bill. Next to the duty on sugar, free wool has attracted more attention than any other item in the bill, and there can be no doubt that many Republican senators will make speeches vigorously assailing the Democratic position.

Deafness Cannot be Cured.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

Work Versus Spoon.

The question which is shaking England to its very foundation at present is whether the spoon shall be entirely banished from good society, and, if not, how far the fork shall be substituted for it. There are those who hunt their iced with a fork, which lets the melting margin drop through the prongs, and some stick their small trident into jelly at the risk of seeing the whole thing slip off like an amorphous, translucent, gold colored snake. The same with such compounds as custard pudding, creme renverse and the like, where it is a feat of skill to skewer the separate morsels deftly and where a small sea of unutilized juice is left on the plate. The monotonous use of the fork and craven fear of the vulgarly lying in the spoon seem to us mere table snobbery. It is a well known English axiom that the fork is to be used in preference to the spoon when possible and convenient.

The people who use it always—when scarcely possible and decidedly inconvenient—are people so desperately afraid of not doing the right thing that they do the wrong out of very fear of Mrs. Grundy. It is the same with the law of eating all soft meats with the fork only, abjuring the knife. On the one hand, you will see people courageously hawing with their knives at sweetbread, supreme de volaille and the like. On the other, the snobbish fine work themselves into a fever with their forks against a cutlet and would not for the lives of them use a knife to cut with ease that which by main force and great discomfort they tear asunder with a fork.—New York World.

In Agony

15 Years With Salt Rheum

Hood's Sarsaparilla Gave a Perfect Cure.

"C. I. Hood & Co., Lowell, Mass.: 'Hood's Sarsaparilla is an excellent medicine. I had eczema in my left leg for fifteen years. Part of the time my leg was one mass of sores, and about every week corruption would gather under the skin and the sores would slough off.

The itching and burning sensation made me suffer indescribable agonies. I spent a great deal of money for different remedies but did not get relief. About a year ago, local physicians advised me to take Hood's Sarsaparilla. I did so and have taken five bottles.
